

Helm – Accredited by Constructionline

Piling based building company Helm Construction, is now registered with Constructionline, the UK's register of pre-qualified local and national construction and construction related suppliers.

Helm is a company that specialise in new build projects, extensions, renovations and property refurbishment throughout the south West. It has seen its revenues increase three fold over the last twelve months as it concentrates on its policy of differentiating itself from other builders and construction companies through a practice of consistently training its workforce, improving process through technology and delivering projects at the price agreed.

As the UK's premier construction industry prequalification register, Constructionline has grown and been updated in line with the needs of modern procurement. The OGC Common Minimum Standards and The Local Government Task Force also recommend using Constructionline as part of the prequalification and tendering process.

Richard Haworth from Helm said 'We have grown significantly over recent years and therefore meeting the strict criteria for registering with Constructionline not only demonstrates that growth and the processes we now have in place but also ensures that we can communicate our commitment to industry set standards which will in turn support our future growth and commitment to providing our customer base with a high level of service. We have worked extremely hard on our service driven ethos but can only sustain our reputation through the dedication of the whole team and Constructionline is a scheme that helps us demonstrate this commitment'.

All of Helm's customers can benefit from a 6 year warranty that is independently underwritten by Zurich Insurance. All works are carried out by skilled, fully trained professional trades' people at a fixed pre-agreed price and they are fully project managed from start to finish.
